**Special Guest – Cheryl Berdelle, District 96 Board of Education President:** Cheryl Berdelle gave an overview of how the Board of Education works day to day. The role of the board is to set policies and strategies for where the district wants to go in the future as well as giving support to the administration. The Board of Education has 7 board members (each with 4 year terms) and three committees (Education, Building and Finance). The Committee meeting is the 3<sup>rd</sup> Tuesday of the month (at 5 or 6pm) before the Board meeting (at 7:30 pm). The Committee Meetings rotate every 3 months. The Committee members are Board members, with 3 members per committee. Everything is discussed during the Committee meeting, the board members give their input, no group conversations are made before the meeting about the issues or how each member might

vote. The discussions do not take place during the Board meeting, since they were already discussed in the Committee meeting. The Board is very supportive of District 96. The responsibility of the Board is to review the finances and balance educational objectives while being fiscally responsible. The current issue facing the Board is enrollment, especially at Ames. Cheryl also stated that issues that parents/students have should first be addressed to the teacher, then if not resolved the principal, then the superintendent. If any issues are not resolved after this, they might be brought to the Board of Education, but the issue will only be dealt with if it is a Board issue.
